1. This agreement made on 19th March, 2015 between Ministry of Culture, Govt. of India, represented by Director, Museums Division, on the one part and Director General, National Council of Science Museums (NCSM) on the other part, lays down the responsibilities, performance indicators and targets duly agreed by both parties, with an objective to achieve organization goals by the NCSM through optimal use of available funds and to ensure proper functioning of NCSM.

2. National Council of Science Museums (NCSM), a premier institution in the field of science communication, set up in 1978, as an autonomous organization is functioning under the Ministry of Culture, Govt. of India. It is primarily engaged in popularizing Science and Technology through a network of science centres, museums, Mobile Science Exhibitions (MSE) units and plethora of activities for public and students in particular. The statement of Mission of NCSM is briefly summarized as under:
   - To become the leader in science communication activities in the country by establishing a nationwide network of science centres and science communication activities.
   - To act as a nodal agency for setting up of Science Centres/Museums/Planetariums/Science Cities in the country.
   - To play an active role in inspiring innovation by the youth of the country by setting up Innovation Spaces.
   - To supplement science education imparted in schools and colleges by organizing various non-formal science education activities to foster a spirit of scientific enquiry and creativity among the students.
   - To portray the S & T heritage and growth of Science & Technology with special reference to India.

3. The major objectives of the National Council of Science Museums are:
   - To portray the growth of science and technology and their application in industry and human welfare, with a view to develop scientific attitude and temper in the society.
   - To popularize & create awareness on science and technology.
   - To supplement science education given in schools and colleges to foster a spirit of scientific enquiry and creativity among the students.
   - To conduct research in science and technology in the areas pertaining to the activities of the Council and to evaluate traditional science and technology in the light of modern scientific and technical concepts.
• To establish Centres for development of science exhibits and demonstration aids.
• To render assistance to universities, technical institutions, museums, schools and colleges or other bodies in planning and organising science museums and also in training of personnel for museum profession.
• To collect, restore and preserve important historical objects which represent landmarks in the development of science, technology and industry.

4. The functions of the National Council of Science Museums are:

• Setting up of new Science Centres / Science Museums / Science Cities / Science Parks / Planetarium / Panorama and Thematic Expositions on Science & Technology in India and abroad on turnkey basis.
• To provide consultancy for development of Science Centres/museums/science cities/planetariums and exhibitions.
• Conceptualizing, designing, developing and supply of innovative interactive exhibits for galleries and exhibitions, both for science centres under NCSM & outside NCSM’s control.
• Developing and fabrication of Museo-Bus to carry exhibitions of Science & Technology themes to remote areas.
• Carry out R & D activities for developing new display technologies for Science communication particularly on digital platform.
• Developing travelling thematic exhibitions on history of science & contemporary Science & Technology issues.
• Making science kits for class room science education, science shows and science demonstration lectures.
• Developing 2-D & 3-D interactive multimedia programmes / softwares for science communication.
• Developing interactive astronomy education resource material.
• Organizing professional development programmes for museum professionals & training science communicators through long and short term academic courses.
• Management, marketing & PR of Science Centres / Museums.

5. National Council of Science Museums, in consultation with the Ministry of Culture, has identified the following key objectives that it will need to
V. E-Governance

1. Development of an online system for application of various services being provided by the organization.
2. E-ticketing.
3. Digitization of library books and uploading of a catalogue on the organization's website.
4. Development of an online e-accounting system.

VI. Others

1. Assess needs for skill development and create tailored training modules.
2. Make an inventory of cultural spaces under the charge of the organization.
3. Increased presence on social media (Facebook/ Twitter/ You-tube and website).
4. Provide promotional films to Doordarshan and make an inventory of films.
5. Preparation of annual income and expenditure account by the organization (profit centre).
6. Activities on project Mausam.
7. Identification of organization's lands and buildings and maintenance of Asset Register.
10. Preparation of basic documentary CD for 5-10 minutes giving introduction, activities and achievements of the organization.
12. Compliance of instructions of Cabinet Secretariat, PMO and MoC, especially with respect to Swachh Bharat campaign.
13. Timely submission of monthly, quarterly, half-yearly and yearly returns in respect of administrative, financial, plan and non-plan expenditure and other important activities.
14. Opening of galleries during extended hours for special exhibitions/ occasions and change of timings to increase footfalls.
15. Printing of advance calendar of events.
