"To hear, to speak and to sing the Ramayana is one thing, but to make each character live on the stage and to start from the bare floor of the stage to take the audience to a different world, is another thing and this can only be done through meditation by which one becomes, Rama, Sita, Hanuman and all the characters in the epic. Therefore, it has been a unique experience for me, for, by producing these plays, I feel, I have discovered the heart of Sri Rama and Sita."
